DEPARTMENT INFORMATION

Overview

Missouri Department of Revenue

The Missouri Department of Revenue (Department) is the central collection agency for all state and non-state revenues. In addition to collecting taxes and fees, the Department titles and registers vehicles, and licenses drivers. The Department strives to ensure that all taxes and fees owed to the state and local political subdivisions are paid; that its duties and services are performed according to statutory and regulatory standards, in a professional manner, and in a technologically forward-thinking fashion; and that it minimizes administrative expense.

In Fiscal Year 2011, the Department collected \$8.3 billion or 97.2 percent of state General Revenue and \$2.7 billion in other state funds. In addition, the Department collected and distributed over 1,000 local-option tax rates for Missouri cities, counties, and other political subdivisions.

State Tax Commission

The State Tax Commission is a quasi-judicial administrative agency created by the Missouri Constitution to perform six (6) basic functions. These functions are:

1. Equalize inter- and intra-county assessments
2. Conduct *de novo* judicial hearings regarding valuation and classification appeals from local boards of equalization in individual assessment cases
3. Formulate and implement statewide assessment policy and procedures to comport with statutory and constitutional mandates
4. Supervise local assessing officials and local assessment programs to ensure compliance with statewide policy requirements
5. Conduct ratio studies to determine the assessment level in each county and to measure the quality of the assessment program
6. Original assessment of the distributable property of railroads, airlines, pipelines, telecommunications, and public utilities

The State Tax Commission oversees an assessment system, which is responsible for the annual collection of \$6.2 billion in property tax revenues, which serves as the financial foundation for public schools and local governmental agencies.

The State Tax Commission envisions an ad valorem assessment landscape which ensures the equitable treatment of all property owners in the State of Missouri. This vision will be manifested through the State Tax Commission's emphasis on the guiding values of work ethic, discipline, integrity, efficiency, and impartiality in its performance of its duties and the fulfillment of its responsibilities to the citizens of Missouri.

Missouri State Lottery

The Missouri Lottery is a revenue source for Missouri public education.

The Lottery's mission is generate funds to provide educational opportunities for Missouri students, support Missouri businesses, and entertain millions.

The core functions of the Lottery are to:

- Recruit and license Lottery retailers
- Create, market, and distribute Lottery products
- Collect revenues from Lottery retailers
- Pay Lottery prizes and retailer commissions
- Ensure the security and integrity of Lottery operations and games, and
- Transfer profits monthly to the Lottery Proceeds Fund

In Fiscal Year 2011, Lottery sales exceeded \$1 billion and the amount of profit transferred to the Lottery Proceeds Fund for education was \$259.4 million.

Over the past 25 years, the Lottery has sold more than \$14 billion in product and transferred profits in excess of \$4 billion to the state and public education.

The Missouri Lottery is diligent in being responsible stewards of the Lottery's money. During our 25 year history, the Lottery's operating percentage (administrative costs plus ticket costs as a percentage of sales) has decreased from 14 percent to 4.5 percent last fiscal year – one of the lowest in the country. The Lottery continues to build on its past history of developing and implementing cost-saving initiatives that will ensure the Lottery continues to improve the level of productivity and efficiency into the future.

DEPARTMENT DECISION ITEMS

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 86000C	DEPARTMENT: REVENUE
BUDGET UNIT NAME: Department of Revenue	DIVISION: N/A

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department of Revenue requests 25 percent flexibility for General Revenue (GR) and State Highways and Transportation Department funds between personal service and expense and equipment and between divisions in Fiscal Year 2013. The ability to respond to changing situations is sometimes difficult to manage with fixed budgets that have experienced cuts rather than growth. With core reductions and the impact of Amendment 3, the Department will use flexibility to continue providing the best possible revenue collection results and continue to perform its statutory and regulatory mandates.

	General Revenue			Highway		
Personal Service	\$30,575,722	25%	\$7,643,931	\$6,773,445	25%	\$1,693,361
Expense & Equipment	\$12,529,970	25%	\$3,132,493	\$4,915,853	25%	\$1,228,963
 Total	 \$43,105,692		 \$10,776,424	 \$11,689,298		 \$2,922,325

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
The Department used \$2,106,387 flexibility to pay plate and tab invoices, purchase the Adobe LiveCycle software, and to minimize the impact of GR budget reductions.	The Department's flexibility is restricted to 25% between personal services and expense and equipment. The Department no longer has flexibility between divisions. The Department will use its flexibility to focus on revenue generating programs.	The Department is requesting 25 percent flexibility between personal services and expense and equipment and between divisions to continue the focus on revenue generating programs

2. CORE DESCRIPTION									
Constitutional Amendment 3, passed by a majority vote on the 2004 General Election ballot, limits the amount of highway funding the Department of Revenue may spend to the cost of collection up to but not exceeding 3 percent of the collection of a particular tax or fee collected per Article IV, Sections 29, 30(a), 30(b), and 30(c) of the Constitution of the State of Missouri.									
The Highway Collections core is comprised of the highway funding the Department is appropriated pursuant to Constitutional Amendment 3 and the amount of General Revenue needed to fund the motor fuel tax, motor vehicle sales and use tax, and the motor vehicle and driver license fee responsibilities of the Department as set out in statute. Failure to fulfill these statutory obligations would have a negative impact on the collection of highway funding and diminish the safety of Missouri's highway system because motor vehicle and driver license suspension and revocation actions could be jeopardized.									
3. PROGRAM LISTING (list programs included in this core funding)									
Fuel Tax Program					Motor Vehicle Registration Program				
Driver License Program					Motor Vehicle Title Program

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.													
<p>Section 301.290.1 RSMo, provides, "Correctional enterprises of the Department of Corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates and tabs issued by the director of revenue and signs used by the state transportation department". Section 301.290.3 RSMo, provides, "Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials".</p> <p>Missouri Vocational Enterprises (MVE), which is under the Missouri Department of Corrections, is the vendor that produces embossed vehicle license plates for the Department of Revenue. MVE's production costs increased, and have been passed along to the Department of Revenue. Specifically, the embossed license plate price increased \$0.04 per plate (from \$1.39 to \$1.43) from January 2010 through June 2011. Effective July 1, 2011, the embossed license plate price increased again by \$0.20 per plate (from \$1.43 to \$1.63).</p>													
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)													
<p>MVE produces an estimated 2,000,000 embossed license plates annually for the Department. Based upon the per plate price increase, the annual cost increase to the Department is calculated as:</p> <table style="margin-left: auto; margin-right: auto; border: none;"> <tr> <td style="text-align: right;">Embossed License Plates</td> <td style="text-align: center; border-bottom: 1px solid black;">Volume</td> <td></td> <td style="text-align: center; border-bottom: 1px solid black;">Per Plate Increase</td> <td></td> <td style="text-align: center; border-bottom: 1px solid black;">Total Annual Increase</td> </tr> <tr> <td></td> <td style="text-align: center;">2,000,000</td> <td style="text-align: center;">X</td> <td style="text-align: center;">\$0.20</td> <td style="text-align: center;">=</td> <td style="text-align: center;">\$400,000</td> </tr> </table>		Embossed License Plates	Volume		Per Plate Increase		Total Annual Increase		2,000,000	X	\$0.20	=	\$400,000

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

It is imperative that the Department maintain compliance with Missouri Revised Statutes Chapter 302, and state and federal regulations, and continue to issue driver and nondriver licenses to Missouri citizens. The current driver license issuance process is an over-the-counter process in which licenses are produced at the license offices and given directly to the customers. After extensive research and evaluation, the Department determined that the most cost effective way to proceed with the issuance of licenses is to convert to a central issuance process. Driver licenses are printed in one central facility and mailed directly to citizens. Under this new contract and process, the Department will begin mailing driver licenses beginning December 2011. Even with new postage costs, the central issuance process represents a significant savings.

This cost projection is based on the number of driver and nondriver licenses produced by the Department each year. The Department received ongoing core postage funding of \$390,963 in FY2012. The Department is now requesting the remaining core postage funding increase of \$289,037.</p> <p>The United States Postal Service rate increase, effective January 2012, adjusts the funding increase by an additional \$7,226.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In 1992, in response to motor vehicle theft, Congress passed the Anti-Car Theft Act. The Act was designed to reduce auto theft by making the selling of stolen or damaged cars more difficult. Part of the Act required the establishment of the National Motor Vehicle Title Information System (NMVTIS), a U.S. Department of Justice information system operated by the American Association of Motor Vehicle Administrators (AAMVA), and required all states to participate beginning January 2010. It was created to:

- Prevent the introduction or reintroduction of stolen motor vehicles into interstate commerce;
- Protect states and consumers (individual and commercial) from fraud;
- Reduce the use of stolen vehicle for illicit purposes including funding of criminal enterprises; and
- Provide consumers protection from unsafe vehicles.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

All states are assessed pro-rated user fees based upon the number of vehicles each state has in the system regardless if the state is participating. There are currently 31 states fully participating in the program and 9 states providing data only. The Missouri Department of Revenue implemented NMVTIS on August 31, 2010. AAMVA waived the annual fee for Missouri for FY2011 and FY2012 because the Department of Justice funded user fees for all jurisdictions these two years. The AAMVA board of directors recently advised all jurisdictions that they will be charged the user fees beginning October 1, 2012.

2. CORE DESCRIPTION									
The Taxation Division is responsible for collecting and processing taxes mandated by Missouri statutes. The division provides services to Missouri by collecting revenue to fund services, issuing refunds, and minimizing the administrative burden of tax compliance. It is also the responsibility of the division to encourage compliance by using focused enforcement actions, and identifying and addressing areas of unintentional noncompliance. The division communicates with its constituencies by informing them of tax laws, regulations, and available services. The division requests continued core funding to effectively and efficiently administer and enforce Missouri laws.

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

2. CORE DESCRIPTION

The Department of Revenue collects approximately \$9 billion in general revenue and \$720.8 million in Highway revenue annually using a mixture of largely 20- to 30-year old mainframe and pc software systems. Communication between systems is severely limited. Additionally, the systems are difficult to modify for legislative changes, efficiencies, and collection enhancements.

The Department contracted for a study in 2008 to project the cost of an integrated tax system for withholding, sales/use, individual, and corporate taxes, as well as possible benefits that would be derived from implementation of an integrated system. Additional benefits studies were conducted by three potential vendors in Fiscal Year 2010.

The 2008 study projected the cost for the implementation of an integrated tax system at \$48 million to \$68 million with annual maintenance costs of approximately \$2.5 million. In FY10, the most comprehensive study of projected revenue benefits indicated estimated additional revenues for the first five years of more than \$105 million, with \$33 million each year thereafter. The first two years will have a lower amount of additional revenues due to time needed for implementation of the new system.

The Department expects to award the contract for the integrated revenue system by February 1, 2012, with the contractor expected to be on-site within 30-45 days. The Department will only pay for an accepted deliverable when the state has received sufficient benefits to pay for it. In FY12 and early FY13, hardware and software deliverables will be completed and benefits will begin accruing. The Department received \$1 million appropriation authority in Fiscal Year 2012. We anticipate that the Department will have received deliverables and that sufficient benefits will be generated to require payment of \$11 million in FY13.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Department of Revenue collects approximately \$9 billion in general revenue and \$720.8 million in Highway revenue annually using a mixture of largely 20- to 30-year old mainframe and pc software systems. Communication between systems is severely limited. Additionally, the systems are difficult to modify for legislative changes, efficiencies, and collection enhancements.

In FY10, the most comprehensive study of projected revenue benefits indicated estimated additional revenues for the first five years of more than \$105 million, with \$33 million each year thereafter. The first two years will have a lower amount of additional collections due to time needed for implementation of the new system.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Department expects to award the contract for the integrated revenue by February 1, 2012, with the contractor expected to be on-site within 30-45 days. The Department will only pay for an accepted deliverable when the state has received sufficient benefits to pay for it. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

SB884, passed in the 95th General Assembly, is complementary legislation to the Master Settlement Agreement, the agreement entered into in 1998 by the State and leading U.S. tobacco product manufacturers. SB884 established the duty of the director of revenue to maintain a directory of tobacco product manufacturers and brand families on the Department of Revenue website. The law also provides the director with regulatory and investigatory authority to enforce its provisions and establishes the Tobacco Control Special Fund, which shall consist of money collected pursuant to the new law and can only be spent for the purpose of enforcing the new law. The tobacco directory presently lists about 30 manufacturers and more than 12,000 brands; the products are sold through 183 licensed wholesalers, 90 of which are located in the state, and 9,000 retailers throughout the state. Enforcement of the new law includes inspection and investigation of the wholesalers and retail outlets. Now that the Department has begun enforcement work under SB884, it has become apparent that the investigatory piece in particular is much larger and more complex than originally anticipated. With an appropriation to expend monies from the Tobacco Control Special Fund, the Department could better enforce the provisions of the law and ensure compliance with the Master Settlement Agreement.

- 1. What does this program do?**
 The Child Support Enforcement Program, in conjunction with the Missouri Department of Social Services, oversees contract compliance and reconciles receipts and disbursements of both IV-D and Non-IV-D child support payments. Missouri contracts with a private company to receive and disburse child support payments and handle related telephone inquiries. The vendor receives payments from non-custodial parents through paper checks or electronic fund transfers (EFT) and disburses payments to custodial parents through direct deposit, electronic payment card (EPC), or paper check. The cost of the contractor's services is dependent on the type and quantity of receipts/disbursements made in a given month and the contracted pricing schedule. The cost of IV-D transactions is split between federal and state governments with the federal government responsible for 66 percent of the cost. Non-IV-D transaction costs may also receive such federal funding if certain requirements are met, but are otherwise paid entirely by the state.

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**
 Section 454.400, RSMo, and P.L. 93-647 and 45 CRF, Section 303.20

- 3. Are there federal matching requirements? If yes, please explain.**
 Costs to transact IV-D payments are paid 66 percent by federal funds and 34 percent by state funds. Sixty-six percent federal financial participation is available for Non-IV-D transaction costs when the case includes a support order initially issued in Missouri on or after January 1, 1994, and an income withholding is in place.

- 4. Is this a federally mandated program? If yes, please explain.**
 Federal requirements as specified in P.L. 93-647 and 45 CRF, Section 303.20

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

2. CORE DESCRIPTION

The Department of Revenue, through its Mail Service Center and contracted vendors, annually processes more than 12 million pieces of outgoing mail including tax forms, driver license renewal notices, motor vehicle and marinecraft registration renewal notices, motor vehicle and marinecraft titles, collection and enforcement notices, and statutorily required pieces of certified mail. These mailings support the operational programs in their role of revenue collections by notifying citizens of taxes due and owed and of renewals dates of licenses to aid in timely renewal. Failure to provide these mailings would negatively impact revenue collections; result in decreased enforcement of tax, driver, motor and marinecraft, and other laws; and violate statutory mandates to deliver certain notices by regular or certified mail. Additional postage costs are included in the Highway Collections budget core request.

1. What does this program do?

The Sales Tax Program administers and collects Missouri's sales and use taxes. Section 144.020, RSMo, authorizes a general sales tax, a 3 percent tax on the purchase price of tangible personal property or service sold at retail, excluding exemptions. Section 144.610, RSMo, authorizes a general use tax, a 3 percent tax on the value of tangible personal property purchased outside the state for the privilege of storing, using, or consuming the property within the state. Two additional sales and use taxes have been approved by voters and are authorized by Article IV, Section 43 and Article IV, Section 47 of the Missouri Constitution: a one-eighth of 1 percent Conservation sales and use tax and a one-tenth of 1 percent Parks, Soils, and Water Conservation sales and use tax. Also, Section 144.701, RSMo, authorizes a 1 percent Education sales and use tax. Program staff provides a variety of administrative and customer service functions. On the administrative side, staff implements, collects, and distributes local sales taxes and refunds overpayments of sales/use taxes. Staff also processes registration applications, updates information for businesses that report sales/use taxes, handle lien filings, assists in the collections or makes collection case referrals to local prosecuting attorneys and collection agencies, tax clearances, and debt offsets. There are seven tax assistance centers that assist taxpayers in registering businesses, resolving delinquent accounts, and reinstating revoked licenses. Staff assist taxpayers who have received delinquent notices, assist with resolution and collection activities using the automated phone system, and provide technical support. Eight Missouri compliance offices and three out-of-state compliance offices conduct audits of taxpayers' sales and use returns. The Department educates its constituencies by participating at conferences, educational seminars, one-on-one meetings, and through its website.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Department of Revenue mails over 12 million pieces of mail each year. The Department diligently programs its mail to take advantage of all postage discounts and looks for strategies to reduce the number of mailings. However, any savings realized have been offset by increased mailing costs. Because of both increased costs and budget reductions, the Department will experience a shortfall in its postage budget.

The Department received additional funding in Fiscal Year 2012. However, the amount was reduced in anticipation that the legislative proposal eliminating the certified mailing requirement would pass during the regular session. The legislative proposal did not pass. Also, the United State Postal Service (USPS) implemented a rate increase effective January 2012. Rate increases by the USPS directly impacts the Department's postage appropriations.

2. CORE DESCRIPTION

The Department of Revenue exercises the statutory authority in Section 136.150 and Section 140.850, RSMo, to use outside resources to collect delinquent taxes. The Department refers delinquent accounts to local prosecuting attorneys and contracts with private collection agencies for the collection of delinquent taxes. This appropriation is used to pay the prosecuting attorney fees and collection agency contracts.

Prosecuting attorneys receive a payment of 20 percent of the delinquency collected. During Fiscal Year 2011 the Department referred \$80 million of delinquent accounts to the prosecuting attorneys. The prosecuting attorneys collected \$10 million in tax and fee delinquencies for the Department in Fiscal Year 2011.

The Department awarded contracts through the competitive bid process to two collection agencies at rates between 5.5% and 6.5%. During Fiscal Year 2011 the Department referred \$111.9 million of delinquent accounts to collection agencies. The collection agencies collected \$2.4 million in individual income tax and \$5.1 million in business tax delinquencies for the Department in Fiscal Year 2011.

All premium tax credits described in sections 135.500 to 135.529, RSMo, and sections 348.430 and 348.432, RSMo, shall only reduce the amounts apportioned to the general revenue fund of the state and shall not reduce any moneys apportioned to any county treasurer or to the treasurer of the school district in which the principal office of the company paying the same is located..."

2. CORE DESCRIPTION

Section 135.815, RSMo, states, "Prior to authorization of any tax credit application, an administering agency shall verify through the department of revenue that the tax credit applicant does not owe any delinquent income, sales, or use taxes, or interest or penalties on such taxes, and through the department of insurance that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance concludes that a taxpayer is delinquent after June fifteenth but before July first of any year, and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits towards a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law."

The Department of Revenue uses this appropriation to apply the authorized tax credit towards the insurance, income, sales and use tax delinquencies.

2. CORE DESCRIPTION									
<p>The Department of Revenue places intercepted Missouri income tax refunds in escrow on behalf of state agencies, colleges, universities, and the federal government seeking satisfaction of any debt larger than \$25. Sections 143.782 through 143.788, RSMo, allow the Department to offset a tax refund for any debt in excess of \$25, if requested by any state or federal agency. This appropriation allows the Department to apply intercepted refunds towards delinquent motor vehicle sales and use taxes and fees and driver license fees.</p> <p>The Department is also developing reciprocal agreements with other states to intercept Missouri refunds for the satisfaction of debts owed to state governments. The Department executed an agreement with the state of Kansas in Fiscal Year 2010. This appropriation allows the Department to forward intercepted amounts to the applicable states.</p>

During the 2011 extraordinary legislative session, the Missouri General Assembly passed the Missouri Science and Innovation Reinvestment Act ("MOSIRA"). Governor Nixon signed MOSIRA into law on October 21, 2011 and the bill takes effect on February 4, 2012. MOSIRA creates a long-term funding source that, among other goals, grows the Missouri economy through science and innovation. Accordingly, MOSIRA establishes the Missouri Science and Innovation Reinvestment Fund, which consists of funds generated pursuant to the MOSIRA gross wage formula, other funds appropriated to it by the General Assembly, and certain other sources. The Missouri Technology Corporation will administer MOSIRA funds via loans and other means in order to generate further economic growth in the science and innovation industry sectors. Funding will be invested in a wide range of programs designed to create jobs, nurture start-ups, and bring science and technology companies to the state.

Section 348.265, RSMo, states "the director of revenue shall transfer to the Missouri science and innovation reinvestment fund an amount not to exceed an amount equal to the product of the applicable percentage multiplied by an amount equal to the increase in aggregate science and innovation employees' gross wages for the prior fiscal year, over the base year gross wages."
